	Title	DELETE USER - Method not allowed - DELETE request fails on user route.
	Reporter	Shelly Y.
	Submit date	04/01/25
Bug overview	Summary	When making a DELETE request to the user route, the method is not allowed. Supported methods are GET, HEAD, and POST.
	URL	http://127.0.0.1:8000/user
	Screenshot	
Environment	Platform	Windows
	Operating System	Windows 11 Home, version 24H2, OS build 26100.2605
	Browser	Microsoft Edge version 131.0.2903.112 (64-bit)
Bug details	Steps to reproduce	1. Delete a user in the users page. 2. See the error message (see screenshot).
	Expected result	Page should redirect to users page, with the user record deleted successfully.
	Actual result	An error message page appears.
Bug tracking	Severity	Major
	Assigned to	Jian lin H.
	Priority	High
Root cause	Cause	A recent security fix.

Fix	Fix	Discussed with Jian lin H. Problematic commits reversed and new branch created by Shelly Y. Branch made main by Jian lin H. as the repo owner
Notes	Notes	Before the fix, this error appeared for every delete functionality.

	Title	Dashboard graphs not loading.
	Reporter	Shelly Y.
	Submit date	04/01/25
Bug overview	Summary	The graphs on the dashboard fail to load, leaving blank spaces where the data visualisations should appear.
	URL	http://127.0.0.1:8000/home
	Screenshot	 <p>The screenshot shows a web application interface. On the left, there is a large, empty rectangular area intended for a graph. To the right of this area is a vertical sidebar containing a section titled 'Employee Count' with a blank space below it. The entire interface is enclosed in a light pink border. Below the main content area, there is a horizontal scrollbar.</p>
Environment	Platform	Windows
	Operating System	Windows 11 Home, version 24H2, OS build 26100.2605
	Browser	Microsoft Edge version 131.0.2903.112 (64-bit)
Bug details	Steps to reproduce	<ol style="list-style-type: none"> 1. Login to the application 2. View dashboard 3. View the graph boxes (see screenshot)
	Expected result	Graphs (orders graph, employee count, best products) should load and display the correct data.
	Actual result	The graphs section is blank, and no data is displayed.

Bug tracking	Severity	Moderate

	Title	Duplicate success messages displayed upon profile update.
	Reporter	Shelly Y.
	Submit date	04/01/25
Bug overview	Summary	When updating the profile, two identical success messages are displayed instead of one. This may confuse users by implying the action was performed twice.
	URL	http://127.0.0.1:8000/profile
	Screenshot	
	Platform	Windows

Environment	Operating System	Windows 11 Home, version 24H2, OS build 26100.2605
	Browser	Microsoft Edge version 131.0.2903.112 (64-bit)
Bug details	Steps to reproduce	1. Navigate to the 'Your Profile' page. 2. Update any profile information (e.g. name or email). 3. Click 'Update Profile'.
	Expected result	A single success message ("Profile updated successfully") should appear after the update is completed.
	Actual result	Two identical success messages ("Profile updated successfully") are displayed.
Bug tracking	Severity	Minor
	Assigned to	Shelly Y.
	Priority	Low
Fix	Cause	Success message rendered in both profile.blade.php and layouts.master.
	Fix	Removed the success message rendering in profile.blade.php.
Notes	Notes	This bug is mainly a UI/UX issue and does not affect the profile update functionality.

Bug ID	ID Number	#4
	Title	Avatar image not loading on pages with forms.
	Reporter	Shelly Y.
	Submit date	05/01/25
	Summary	The user avatar image loads correctly on pages such as "All Products" and "All Orders" but fails to load on pages containing forms, such as "Add Product".
	URL	http://127.0.0.1:8000/product/create

Bug overview		
	Screenshot	
Environment	Platform	Windows
	Operating System	Windows 11 Home, version 24H2, OS build 26100.2605
	Browser	Microsoft Edge version 131.0.2903.112 (64-bit)
Bug details	Steps to reproduce	1. Navigate to a page without a form (e.g., "All Products") and observe that the avatar image is displayed. 2. Navigate to a page with a form (e.g., "Add Product"). 3. Observe that the avatar image is not loading.
	Expected result	The avatar image should load on all pages.
	Actual result	The avatar image fails to load on pages containing forms, such as "Add Product".
Bug tracking	Severity	Minor
	Assigned to	Shelly Y.
	Priority	Medium
Fix	Cause	The avatar image path was hardcoded.
	Fix	Updated the image path to use Laravel's asset() function for dynamic asset loading.
Notes	Notes	This bug is mainly a UI/UX issue and does not affect functionality of form submissions.
